## THEME FOR 2021

The country-wide theme for 2021 is **“Edible England”**. From woodland foraging to factory floor, forgotten recipes to regional delicacies, the festival participants have been asked to explore the past, present and future of our culinary heritage and culture.

**Heritage Open Days is the country’s largest heritage festival with around 5,000 events, over 40,000 volunteers and more than three million visitors taking part. Celebrating local history, architecture and culture, the ten-day event offers everyone the chance to see hidden places and experience something new- all of which are completely free to explore.**

Heritage Open Days operates as part of the National Trust with funding from players of People’s Postcode Lottery. Established in 1994, it is England’s contribution to the European Heritage Days, which are held annually in September in 50 signatory states to the European Cultural Convention.
